

ARIC MANUSCRIPT PROPOSAL FORM

Manuscript #153

1. Title (length 26):

Multi-Country HDL

2. Writing Group (list individual with lead responsibility first):

(lead) Davis	Oganov	Little
Brown	Rywik	Tyroler
Tao	Stein	

3. Timeline:

Analysis to be done by CSCC International Studies staff for abstract for Oslo meetings (Preventive Cardiology) deadline-November 1. Manuscript would be prepared during Spring of 1993.

4. Rationale:

The NHLBI has sponsored collaborative research in several countries (Russia, Poland, China, Israel and Canada) in addition to the US. This analysis would describe the level of HDL-C and its correlates within and among the 6 countries.

5. Main Hypothesis:

There is no main hypothesis as this is a descriptive analysis.

6. Data (variables, time window, source, inclusions/exclusions):

Screen 1 data only: HDL-C, age, race, sex, alcohol, smoking, heart rate

For the most part data for this analysis will have already appeared in ARIC manuscripts, particularly MS#004.
